

Skip Rules and Regulations:

As of 2005, householders are required to use only authorised carriers (companies registered as an approved Environmental Agency company) otherwise you could be fined. To see our Waste Carrier Licence please check our downloads section on the left hand menu

Location

If the skip is going on your property no problems. However, we accept no claims for damage to your property.

Skips that need to be placed on the highway or carriageway. We need approximately three days notice to obtain a permit from your Local Authority, the cost of which will be borne by the hirer.

Load

All skips must have a level load. Overloaded skips may incur penalty charges.

No fires are to be lit in skips. The hirer will be responsible for any loss or damage.
